- Based on the number of people in your household, if your gross annual income is the amount listed on the chart above or less, then you might qualify for low income status.
- To determine if you qualify for low income status, you must have your income verified by the Scholarship Program staff.
- The EdChoice expansion scholarship is income-based. Families applying for the expansion scholarship must have their income verified each school year.
- Income status determines priority for awarding scholarships. It also determines if your family will be responsible for paying any tuition that is not covered by the scholarship.
- Get the Income Verification Form from either your private school or the EdChoice website. Complete the form and mail it, along with copies of your income documents, to the address listed on the form.
